

## Data Sheet----Part #:BB-801 WHITE black lines

### Dimensions:

400 tie points clear solderless breadboard(units in mm)

### Specifications:

- Pitch: 2.54mm
- Rated: 36V/2A
- Dimensions:84x53.3x8.3mm
- 400 tie points with four independent common bus lines
- Interlocked for larger projects
- Square holes
- ABS plastic material and phosphor bronze nickel plated spring clips
- Accepts a variety of wire sizes (20-29 AWG)
- Completely reusable and no harmful to person and environment

### Applications:

Tie Point Interlocking Solderless Breadboard makes prototyping with electronics easy. Use Jumper Wires create electrical connections without soldering. Popularly used for kinds of related arduino projects, electronics learnings and education. It is necessary for basic electronics.
